MÜNEVVER ÖZHAN

SOFTWARE ENGINEER

PROFILE

I am a 4th year computer engineering student. I developed projects to improve myself in the backend field with C# and Java. I am currently developing a reliable and useful website as a full stack with Java, Spring Boot and Vue.js.
My long term goal is to be a reliable and easy to use expert full stack web developer.

EDUCATION

2019 - Continues
Inonu University Computer
Bachelor's Degree in Engineering
